If you have a gift card number, you can write it below.

Notes or Special Instructions:

We are experts in our field and treat each roll of film with a great deal of care and attention. Though infrequent, lab errors (both human and mechanical) can and do occur in every photo lab. If your film is damaged, destroyed, or lost while in our care we will refund your order and replace the film with an equivalent unexposed film. This is the full extent of our warranty, and the possibility of a lab error is a risk you assume when getting film processed.
